RE: Request for Internship

Dear Sir/Madam,

We would like to inquire whether you could allow **KAYIGIRE Jesse** to have internship in the Department of Information Technology under your organization.

Jesse is currently a student with Registration Number **26647**, in the faculty of Information Technology, Software Engineering department at the Adventist University of Central Africa (AUCA). One of the requirements for the degree is that the student completes a period of 45 days excluding weekends and holidays as an internee in an organization, specifically in the field of his studies.

We would be grateful if you could assist him in faculty of IT within the period mentioned above.

While waiting for your positive response, may you accept our gratitude in advance.

Yours faithfully,

A handwritten signature in blue ink, appearing to read 'Jason Sebagenzi', is written over a circular stamp.

Professor SEBAGENZI Jason, PhD
DEAN OF IT FACULTY
